

Calculating your class global footprint

1. What a lot of waste

Although we seem to have a lot of water in the UK, collecting, cleaning, delivering and storing it uses a lot of energy

- | | |
|--|----|
| A. Do you have a bath each day? | 10 |
| B. Do you have a shower every day? | 5 |
| C. Do you have a shower three times a week?..... | 1 |

2. More about water

- | | |
|---|----|
| A. Do you use a hosepipe in your garden?..... | 10 |
| B. Is your car washed using a hosepipe | 5 |
| C. Do you use a dishwasher?..... | 10 |

3. Where you live

- | | |
|--|-----|
| If you are British, North American or Japanese, most of your rubbish goes into landfill sites..... | 100 |
| If you are a developing country, you will produce very little rubbish to start with | 10 |

4. Simple or luxury?

- | | |
|--|----|
| A. "I like to buy lots of chocolates and gifts with lots of wrapping"..... | 30 |
| B. "I buy greeting cards and gifts that have some packaging"..... | 10 |
| C. "I always buy gifts that have little or no packaging"..... | 2 |

5. How do you get to school?

- | | |
|-------------------------------|----|
| A. Car | 50 |
| B. By bus or train..... | 25 |
| C. By bicycle or on foot..... | 5 |

6. How do you travel on holiday?

If you went on holiday last year by aeroplane a lot of harmful gases would have been given off by burning the jet fuel.

- | | |
|---|-----|
| A. Flight to Australia or New Zealand | 150 |
| B. Flight to Asia, America or Europe | 100 |
| C. By road or rail for a holiday in the UK or Western Europe..... | 10 |

7. Meat muncher or carrot cruncher?

Meat eaters need more land to produce their food than vegetarians. To produce 1kg of meat, an animal must eat 10kg of grain.

- | | |
|--|-----|
| A. "I eat meat at least once a day – more if I can"..... | 100 |
| B. "I eat meat but only once or twice a week"..... | 50 |
| C. "I'm a vegetarian"..... | 30 |

8. Supermarket or local shop?

- | | |
|--|----|
| A. "My parents shop at a supermarket once a week" | 15 |
| B. "My parents use the supermarket sometimes but also shop at local shops" | 5 |
| C. "My parents always shop at local shops and market" | 2 |

9. Shoebox or mansion?

Bigger houses use more energy. Do you live in a:

- | | |
|-----------------------------------|----|
| A. Flat | 10 |
| B. Small house..... | 20 |
| C. A large or detached house..... | 50 |

10. Heating and lighting

- | | |
|--|----|
| A. Do you leave lights and electrical equipment when you leave the room? | 20 |
| B. Do you leave taps on when you wash the dishes?..... | 10 |
| C. Turn up the central heating if you feel cold. | 30 |

11. Recycling

Recycling saves energy and stops us taking raw materials from the Earth.

- | | |
|--|----|
| A. If you don't recycle any of the following | 50 |
|--|----|

Glass (bottles, jars etc)

Paper (newspapers, magazines etc)

Metal (pop cans, bean tins etc)

Plastic (pop bottles, milk cartons)

Fruit and vegetable leftovers

- | | |
|--|----|
| B. If you do recycle some of above | 30 |
|--|----|

- | | |
|--|----|
| C. If you recycle all of the above | 10 |
|--|----|

Now you have finished the quiz, add up your score. **Now double it**, why?

We all use schools, shops and roads, buses and trains. We all use hospitals, use doctors and more. All of these things use up lots of energy over your lifetime.

My score is:

How do you compare?

Maximum score: 1,280 (worst score you can get- you need to buck up your green ideas)

Middle score: 640 (you're about average. Ok, but room for improvement)

Minimum score 160 (you are an eco warrior!)
